CURRENT ROLE & RESPONSIBILITIES

Day-to-day lead on a project in charge of developing the overall creative vision and style for a project; seeing that through from start to finish.

Collaborating with Project Managers to clearly define scope features.

A lead in the project life-cycle: UI design, information architecture, page layouts, style guides & libraries, prototypes, QA & final hand-off.

Collaboration with UX, UI & development.

Manage and organize deliverables for junior team members.

A key member in client-facing presentations, feedback reviews, and any day-to-day communication with the client.

SKILLS

Visual Design, Web Design, Editorial Design, E-commerce Design, iOS App Design, Prototyping, Systems Thinking, Art Direction

TOOLS

Sketch, Principle, Zeplin, Adobe Creative Suite, G Suite, Jira, Invision, Basecamp, Airtable, Wordpress, Contentful

TRAINING
